Full Spectrum™ Deposit-Only Colour Treatment
A 99% naturally derived formula* that delivers rich colour that lasts up to eight weeks. The treatment formula helps improve the condition of damaged hair and adds incredible shine with protective plant oils. A rosy lavender aroma elevates the colour service to a soothing, sensory experience. Contains a natural anti-oxidant to help protect hair against UV aggression.

Full Spectrum™ Protective Permanent Creme Hair Colour
A 97% naturally derived formula*, which delivers superior permanent colour which resists fading. Sunflower, castor and jojoba oils help protect the hair during processing and deliver permanent hair colour that is essentially damage free. Fade-resistant formulas use solely oxidative dyes that develop inside the cortical fibre to lock in long-lasting colour that stays true from service to service.
*from plants and non-petroleum based minerals

The Power of Touch
Our intent is not high-tech, but high-touch. The sensations in muscles created by massage speak positive chemical signals, triggering the release of "feel good" endorphins and lowering the body's production of stress hormones. If you have enjoyed the complimentary 5 minute stress-relieving scalp ritual why not indulge in 20 minutes of relaxation or maybe treat a friend to a voucher.

Gift vouchers are available.

We specialise in Bridal packages, please ask for more details.

Children's Playroom available, although we are 'child friendly' we have found that children do tend to get bored on long visits.
